TRANSPORTATION FROM ACCIDENT: list method of transportation other than ambulance, list name of ambulance service	My own 2 feet, to fire/ambulance town offices in Sugarloaf area, called Maine Huts & Trails to get a shuttle driver to take us to our car all the way out on Long Falls Dam Road at Flagstaff Hut parking area, husband drove car to hospital in Farmington, Maine.
DESCRIPTION OF INCIDENT OR ILLNESS: Your description of incident with as many details as you know, including injured person's description of accident.	Fell while skiing down a little itty bitty hill, for no apparent reason. Conditions were odd: soft but slippery, but had already made it (carefully and slowly) down the huge scary hills near Stratton Brook Hut. This was no big hill, I was skiing completely in control until I fell. No warning, no flailing of arms or fall on outstretched arm. Just, Boom!
